

# CDI related topics at AGU

It's hard to make a schedule for the [American Geophysical Union Fall Meeting](#) these days, with 5+ days and 24,000 attendees or whatever number they are up to now.

On this post, let's attempt to share as comments:

1. Your presentation/poster information if you would like to share with other CDI members (this is in an email From: [agumeetingsinfo@agu.org](mailto:agumeetingsinfo@agu.org), Subject: 2016 AGU Fall Meeting Abstract Status Notification)
2. Other events that are relevant to CDI topics

Note: CDI will hold its regular December Monthly Virtual Meeting during AGU week.

Update 12/12:

Here is a summary, nowhere near complete, so please feel free to add presentations to this list!
